Screening Questionnaire for Influenza Vaccination

(Please fill out form for each person receiving a vaccination today)

For adult patients as well as parents of children to be vaccinated: The following questions will help us determine if there is any reason we should not give you or your child live attenuated INTRANASAL influenza vaccine (FluMist) today. If you answer "Yes" to any question, it does not necessarily mean you (or your child) should not be vaccinated. It just means additional questions must be asked. If a question is not clear, please ask the Clinic Staff Member to explain it.

Name (please print)	Zip Code	Age: <div style="border: 1px solid black; width: 40px; height: 20px; margin: 0 auto;"></div>	<input type="checkbox"/> Female <input type="checkbox"/> Male <small>(please check one)</small>
